

## Product Detail

Manual Raise Arm Barriers are a low maintenance, cost effective way of manually controlling access to unauthorised or controlled areas. Having a counter balanced fish tail weight is fine tuned for ease of operation.

The pivot assembly is made of aluminium box section, the zinc plated shaft pivots on two heavy-duty stainless-steel bearing blocks. The PF5000-19STD comes complete with a lockable end rest, padlock and keys.

- Standard Colours: Red/White or Yellow/Black. (other colours
- Spans of up to 9 Metres (Heavy Duty Model).
- Comes with adjustable end resting post
